PUBLIC NOTICE OF NATIONAL STABILITY ARCHITECTURE & PUBLIC BENEFIT ALIGNMENT

Profixa Private Trust
A Private Fiduciary Public Benefit Institution

Profixa Private Trust, a private fiduciary entity operating under trust law, contract law, and UCC Article 9, issues this Notice for the purpose of public transparency regarding its Public Benefit mission, fiduciary operations, and activation of its National Stability Architecture.

This Notice does not assert governmental authority, does not create obligations for any party, and is issued solely for public clarity, institutional understanding, and historical documentation.

I. STATEMENT OF PURPOSE

Profixa Private Trust is organized exclusively to:

- support economic uplift
- improve Social Determinants of Health (SDOH)
- reduce trauma and financial instability
- create community-benefit infrastructures
- administer intangible assets for public benefit impact

The Trust operates within lawful private commerce and voluntary contractual relationships.

II. PUBLIC BENEFIT ALIGNMENT

The Trust adopts the national SDOH framework, recognizing:

- Economic Stability
- Education Access & Quality
- Healthcare Access & Quality
- Neighborhood & Built Environment
- Social & Community Context

All Engines created by the Trust are designated as Public Benefit Systems administered for humanitarian impact.

III. CLASSIFICATION OF INTANGIBLE ASSETS (INCLUDING PATENTS)

To support its mission, the Trust classifies its intangible assets — including but not limited to proprietary systems, algorithms, frameworks, architectures, and patented inventions as: **Public Benefit Assets**

This classification means:

1. They are held in Trust, not owned personally.
2. They are administered for public benefit purposes, not commercial exploitation alone.
3. They function as Public Benefit Engines within the National Stability Architecture.
4. They support uplift, stabilization, and trauma-responsive financial systems.

This is an internal fiduciary designation, not a statutory or governmental classification.

IV. INFRASTRUCTURE STATUS & VALUATION FRAMEWORK

Within its Public Benefit mission, the Trust treats its intangible assets as:

- ASC-350 Intangible Assets
- ASC-820 Level 3 Fair Value Assets
- Restricted Fiduciary Assets
- Humanitarian Economic Stability Instruments

This aligns Profixa Private Trust with standard valuation methodologies used by:

- technology companies
- research institutions
- public benefit organizations
- intellectual property trusts

V. INTERPRETIVE STANDARD (PUBLIC BENEFIT PRESUMPTION)

Any review or institutional consideration of Trust documentation shall, where applicable, be interpreted in favor of:

- humanitarian outcomes
- economic stability
- neutral fiduciary administration
- public benefit alignment

This is a statement of intent, not a mandate upon any external party.

VI. NON-SUBSTANTIVE COMMUNICATION DOCTRINE

Administrative commentary, informal email responses, or non-verified statements are treated internally as non-directive unless supported by verified statutory authority.

VII. CLARIFICATION PROTOCOL

External inquiries are understood as requests for information or dialogue and not assertions of dispute or authority.

Responses may be directed to:
